

TK

We Don't Care - 12" Single

TK's first solo single release - We Don't Care, is a glimpse into the everyday life of this D.C. born rapper. The daily grind of running in the streets, dealing with shady individuals, and staying alive is spelled out in lyrical honesty on a track that any music fan can appreciate. Known for setting the mood with chilling accuracy, t.E.C.K! the instrumentalist (Educated Consumers, Resination) drops the beats on this Underground Classic.

We Don't Care is the first single from the anticipated debut album C.I.N. - Competition Is None. Album recording began in 2002 after the release of the Kaos Theory EP; a 7 song introduction of TK and his natural born talent to the Hip Hop World.

The B-Side shines with a remix by t.E.C.K! the instrumentalist and the bonus cut 1 TRACK MIND, a preview of TK's current side project: Old School Vendetta.

In addition to being a showcase of mind-bending beats, the self-produced 1 TRACK MIND is evidence that TK is no stranger to the microphone. This medley-type track, exhibits each artist harnessing the chemistry that creates Old School Vendetta.

1 TRACK MIND is 'The outstanding track...which features K-Cromozone from ResiNation and SeezMics from Educated Consumers. Each emcee has their specific beat and spit.' (Tommy Dread - Insomniac Magazine)
